**Chapter 1 by NeedToWander****This story is set in the same place/time as my other story: Light.**

*There was nothing, not even hope. Not anymore. Not after it happened, not after the world ended.*

*Not after we all ended.*

2018, the year everything ended. London was destroyed, those who still believed in hope, are idiots. There is no saving us. There is no saving ourselves. "Elliott, we got somebody in the interrogation room. He says his name is 'Daniel'; he says there is another group out there."

That group will not be out there any longer.
